The role of the Clinical Nurse Specialist for Breast Care is to provide support and counselling to women and their families prior to, during and after any treatment for breast disease/ cancer.

We link in very closely with the multi-disciplinary team to provide the best care for you.

Our service also includes:

- Being available for you at clinics
- Providing information
- Pre and post-operative care
- Prosthesis fitting and bra measurements
- Lymphoedema assessment and referral onto lymphoedema service if appropriate
- Teaching, research, health promotion and education
- Facilitation local breast cancer support groups and linking current patients with patient volunteers

Macmillan breast care nurses are trained nurses with many years of experience in different nursing areas. We now specialise in breast disease and cancer.

You can contact us:

Monday-Thursday 9am-5pm
Friday 9am-2.30pm

If we are not in the office, please leave a message on our 24 hour answerphone and we will return your call as soon as possible.
